Phoenix 0702BEB

Phoenix 0703BEB

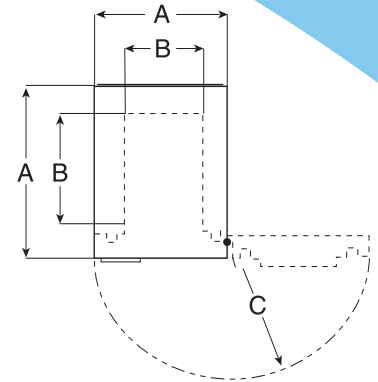

Phoenix 0700 Series Compact Home/Office

The body is constructed from galvanised steel plate with a solid steel door 4mm thick. The highly secure electronic lock which is fitted to models 0701BEB, 0702BEB and 0703BEB is simple to operate and can be programmed with an easy to remember personal code, giving many millions of potential combinations.

The security and power status of the 0701BEB, 0702BEB and 0703BEB models is always shown by the LED display and a tone alert. The electronic combination also has an advanced, built in anti tamper lockout system which freezes the lock once the incorrect combination has been entered 3 times consecutively.

The 0701BKB is fitted with a high quality double-bitted key-lock with keys supplied in duplicate.

The Phoenix 0700 series is suitable for fixing to the floor or wall. Its easy to install basefixing system gives added strength and security when fixed to any concrete, wood or asphalt floor or when bolted to a wall.

● **Dimensions stated as:**

- A External height x width x depth
