

EUROPA GRADE 3

Fire tested to BS476 Part 20

Cash Rating £35,000
Jewellery Rating £350,000

The Europa range of safes have been designed to meet the stringent requirements of European Safe testing as outlined in LPS 1183 Issue 4, tested and certified by the LPCB. It is suitable for commercial applications.

The range is well designed, soundly engineered and manufactured under the control of ISO 9001 2000, using the latest technology and production techniques. Barrier construction embodies innovation design combined with approved materials providing resistance in excess of the test criteria.

The boltwork arrangement is 3-way moving with fixed 32mm rear dog bolts.

Fire tested to BS476 Part 20.

Standard locking is supplied by a single 11-lever double-bitted keylock (certified to EN1300) with live and dual interconnecting passive relockers.

Base fixing is standard.

Grade 3 comes in 6 sizes with one adjustable shelf included.

Internal optional fittings include additional adjustable shelves, full-width lockable drawer units (size 2 single drawer, size 3-7 double drawer).

Locking options include: Keyless combination, electronic combination, time locks, time delay locks or dual locking.
