

# Secure Paper Cooler

- 30 minutes fire protection for documents

*For some users there is a desire to securely protect a small number of documents. Products such as the Secure Doc Office would simply exceed their security objectives. An ideal solution would be the Secure Paper Cooler. This lightweight and portable fire safe offers 30 minutes fire protection, high quality locking and the choice of two sizes. For further protection the safe can be easily stored within a safe or cabinet. With all these advantages packed into one small safe, you may find it hard to resist...*

## Models

- The Secure Paper Cooler is available in two sizes
- The smaller model is big enough to store documents flat and the larger model will protect your hanging documents
- They are both designed to protect A4-size documents

## Locking

- All Paper Coolers are equipped with a latch and secured by a cylinder key lock with two keys
- As standard, the units are prepared for an additional padlock for increased security

## Certification

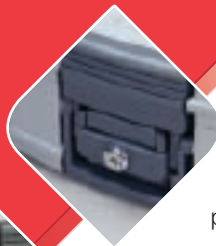

- The portable Secure Paper Cooler is certified to UL 72 Class 350 – offering 30 minutes fire protection for your documents

## Additional features

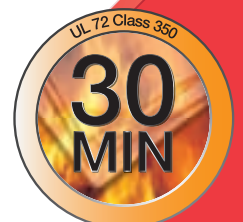

- Portable and lightweight nature means that the Paper Cooler can be placed in a safe or cabinet

## Design

- Available in two sizes. Model 14 stores A4 flat documents and Model 33 protects A4 hanging documents
